2017 VCE Unit 2 Classical Studies

Time Allocation

This unit of work will consist of approximately 100 hours of which at least 50 hours will be class time. **To complete this unit of work satisfactorily, students must complete each of the following learning outcomes.**

Learning Outcomes

Outcome 1

The student should be able to analyse the ways in which a classical work or classical works present aspects of classical Greek society.

Outcome 2

The student should be able to discuss the relationship between classical works and a work from a later period.

Assessment Tasks

1. Athenian Development SAC

The student is required to demonstrate their understanding of Athens' political development as it changed from a collection of tribes to a major city-state during the 6th century B.C. in a short-answer test.

Weighting: This task is worth 20% of the overall grade **Time allocated to task:** 1 period
Due: Term 3, Week 4

2. Classical Greece Legacy SAC

The student is required to create a written report in which they explore the works of an individual from the Classical period and explain the impact they've had on subsequent works.

Weighting: This task is worth 30% of the overall grade **Time allocated to task:** 2 periods
Due: Term 4, Week 1

3. Text Analysis SAC

The student is required to write an essay that demonstrates an understanding of the context and content of a Classical work.

Weighting: This task is worth 20% of the overall grade **Time allocated to task:** 1 period
Due: Term 4, Week 4

4. Semester Examination

The student is required to apply knowledge and understanding of Athens during the 5th century B.C. and works that were created during that time.

Weighting: This task is worth 30% of the overall grade **Time allocated to task:** 90 minutes
Due: Term 4, Week 7
