

**Ringwood Secondary College**  
**2017 Course Planning Document**

## **VCE Unit 3 Media**

### **Time Allocation**

This unit of work will consist of approximately 100 hours of which at least 50 hours will be class time. **To complete this unit of work satisfactorily, students must complete each of the following learning outcomes.**

### **Learning Outcomes**

#### **Outcome 1**

On completion of this unit the student should be able to analyse the nature and function of production and story elements in narrative media texts, and discuss the impact of these elements on audience engagement.

#### **Outcome 2**

On completion of this unit the student should be able to use a range of technical equipment, applications and media processes and evaluate the capacity of these to present ideas, achieve effects and explore aesthetic qualities in media forms.

#### **Outcome 3**

On completion of this unit the student should be able to prepare and document a media production design plan in a selected media form for a specified audience.

### **Assessment Tasks**

#### **1. Narrative SAC**

The student is required to complete a written SAC under exam conditions.

**Weighting:** This task is worth 6% of the overall grade    **Time allocated to task:** 33 periods

**Due:** Term 2, Week 2

#### **2. Production Exercises**

The student is required to complete two production exercises during class.

**Weighting:** This task is part of the SAT and will be included in the overall grade for the SAT

**Time allocated to task:** 6.5 periods

**Due:** Term 2, Week 5

#### **3. Production Design Plan**

The student is required to complete a production design plan for their major media production.

**Weighting:** This task is part of the SAT and will be included in the overall grade for the SAT

**Time allocated to task:** 6.5 periods (students are required to complete the majority of this task in their own time)

**Due:** Term 2, Week 8
