VCAL – Work Related Skills – Intermediate Unit 1

This unit is to provide a focus for more complex development of appropriate skills and knowledge in order to provide the necessary OH&S preparation for the workplace.

Learning Outcomes

Outcome 1 Learn about basic conditions and entitlements of a specific industry.

Outcome 2 Obtain and communicate information in response to a work related OH&S issue.

Outcome 3 Develop knowledge and understanding of OH&S in a work related context.

Outcome 4 Identify problems or safety hazards that can affect the safety of the work environment.

Outcome 5 Contribute to team objectives to achieve safe work procedures.

Outcome 6 Use information and communications technology in relation to a work related activity.

Assessment

Students must show competence in all learning outcomes through satisfactory demonstration of all elements.
